

Najd Feki

Tunisia, Ben arous, Boumhal • +216 51 857 357 • fekinajd@gmail.com

Full Stack Developer | React & Node.js Specialist adept at all stages of advanced web development. Experienced with the latest state-of-the-art development tools and procedures. I'm able to effectively self-manage independent projects, as well as collaborate within a productive team. Please visit my portfolio for more information about my projects, skills and accounts: <https://najd-feki.github.io/Portfolio>.

Experience

DECEMBER 2022 - PRESENT

Full Stack developer contractor | Finc3 GMBH / Front Row Group | Germany (Remote)

Developed and maintained custom web applications at Finc3 GmbH, leveraging full-stack development skills to deliver high-performance solutions tailored to client needs. Specialized in Power BI visualizations, React and node development, crafting custom visuals to provide clients with insightful and visually appealing data representations, enhancing their decision-making processes. Collaborated seamlessly within cross-functional teams, translating project requirements into innovative technical solutions and ensuring the successful delivery of web development projects.

JUNE 2022 – JUNE 2023

Full Stack Team Lead web developer | Aroundix | United Arab Emirates (Remote)

Designed a robust microservice architecture to support a variety of mobile and web dashboard applications. Managed end-to-end Continuous Integration and Continuous Deployment (CI/CD) processes for the microservices infrastructure. Led a high-performing development team, fostering collaboration and setting project goals.

JUNE 2021 - JUNE 2022

Full Stack web developer | eDonec | Tunisia

Worked on various web and mobile applications such as online shopping, reservations and video galleries.
Example projects: keplertravel.com, asapforyou.fr and ream-movie.com
